

Key Stage 2 results 2025:

Key Stage 2 students do not take their SATS in Year 6. This decision is taken for a range of reasons such as heightened levels of anxiety and arriving at the school with gaps in their learning.

Students who arrive in the school from Year 7 onwards sometimes have Key Stage 2 data from their previous school, but for similar reasons listed above, many arrive without data and have not taken their SATS.

GCSE results 2025

Context:

In total 13 students sat 56 Level 2 qualifications during the 2025 exam series. These were predominantly from Year 11, however a small number of post 16 student completed either historical GCSE courses or resit exams.

Key benchmarks:

In 70% of qualifications sat students achieved a grade 4 'standard pass' or higher (9-4)

Specifically in English and Maths 50% achieved a 'standard pass' or higher (9-4)

Reformed combined science 67% achieved 4-4 or better

Post 16 outcomes and destinations 2025:

All of the students moving on from provision at Breckenbrough, achieved destinations that aligned with career aspirations. Those progressing on to Higher Education attained outcomes that secured first choice University places.

Other students in post 16 also sat external exams with strong outcomes being achieved so that they can continue with their current studies.

Post 16 provision continues to grow from strength to strength, not only in its breadth and provision of academic courses but also with a core emphasis placed upon building independent living skills (ILS) in the students. Our Careers Lead, Sally Johnson works hard to source the most appropriate courses at the best universities for our students. It is due to the hard work of the staff as well as our aspirations, our students and their families now believe that anything is possible.
